

TcpServ::sendData

```
graph LR; A[TcpServ::sendData] --> B[TcpServ::sendDataToSocket]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'TcpServ::sendData'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'TcpServ::sendDataToSocket'. Both boxes have a thin black border.

TcpServ::sendDataToSocket
