

Speedometer::setSpeedValue

Speedometer::sliderValue
Changed

Speedometer::setSpeed

```
graph LR; A[Speedometer::setSpeedValue] --> C[Speedometer::setSpeed]; B[Speedometer::sliderValue Changed] --> C;
```

The diagram illustrates a mapping from two source functions to a single target function. On the left, there are two white rectangular boxes. The top box contains the text 'Speedometer::setSpeedValue'. The bottom box contains the text 'Speedometer::sliderValue' followed by 'Changed' on a new line. Two blue arrows originate from the right side of these boxes. The arrow from the top box points to the top-left corner of a gray rectangular box on the right. The arrow from the bottom box points to the top-left corner of the same gray box. The gray box contains the text 'Speedometer::setSpeed'.
